All,

I believe that we also need to up the CHG# on D139-799-021/-031. The screw supplied with the kits at CHG 001 is made from carbon steel while the nutplates and washers are made from stainless steel.

With IIN-D139-799 Rev. L, the screw material is changed to stainless steel so I believe that this needs to be captured so D139-799-21/-031 should now be at CHG 002.

As DavidD pointed out, the D139-799-013 is also affected and should go up one CHG#. As for other kits, let me verify.

As for shipping the -015 today, I think we have to make things right here and send updated kits to Bristow...
